TOTAL 100%

CAUTION/FIRST AID

May cause mild skin and eye irritation. In case of exposure, rinse area thoroughly with water. If ingested, seek medical attention immediately. Wear appropriate personal protective equipment (PPE) when using this product.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS

EFFICACY

Athena IPM is an effective treatment against many soft-bodied insects. Will treat adults, nymphs, larvae and eggs. Kills on contact. Also effective in treating common fungal infections.

APPLICATION INSTRUCTIONS

Treatment Strength: Mix 90-120 mL Athena IPM per gallon of water. Spray with lights off or in early morning sun. Start with a lower dose then increase if problem persists. At least 3 applications spaced 3 days apart are required to treat most pests.

Prevention Strength: Mix 50-60 mL Athena IPM per gallon of water. Spray with lights off or in early morning sun. Apply 2-3 times per week for maximum results.

Root drench: Mix 5-10 mL Athena IPM per gallon of water. Saturate media completely until slight runoff. Compatible with all fertilizers and additives.

STORAGE

Store closed in original packaging at a temperature between 45° F and 85° F away from direct sunlight. Two year shelf-life from manufacturer date if stored properly.

This product is exempt from registration with the U.S. Environmental Protection Agency (EPA) under FIFRA section 25(b) as a minimum risk pesticide.
