 ATHENA®

Renew

A premium water line cleaner designed to remove the architecture that supports the formation of biofilm in irrigation water systems and drip irrigation lines.

STORAGE AND DISPOSAL:

Storage: Keep product dry in tightly closed original container when not in use. Store in a cool, dry, well-ventilated area. Product should be stored at 50° F or above.

Disposal: Do not contaminate water, food, or feed by storage and/or disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. **DO NOT REUSE EMPTY CONTAINER.** Triple rinse the container (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate.

ENVIRONMENTAL HAZARDS:

This product may be toxic to birds, fish and aquatic invertebrates. Caution should be used when applying indoors because pets may be at risk. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of the (NPDES) permit and the permitting authority has been notified in writing prior to discharge.

CLEANING INSTRUCTIONS FOR IRRIGATION WATER SYSTEMS AND DRIP IRRIGATION LINES WHEN NOT IN USE:

- Typical use rates are 0.5oz - 2.0/gallon. 1oz gallon (30mls/gal) is recommended for routine slime and scale removal. If heavy cleaning is required 2oz/gallon solutions are recommended.
- Inject into system using a common medicator - 1 oz/gallon = 1:128 - 2oz/gallon = 1:64 - 0.5oz gallon = 1:256
- Uncap the system at its furthest point and check for effervescence to ensure solution has complete coverage of the system.
- Activate all emitters.
- Circulate when possible. If circulation is not possible, hold the solution in the system for 12-24 hours
- When cleaning is complete, thoroughly flush entire system with potable water
- It is recommended to use an EPA registered sanitizer disinfectant after cleaning is complete.

Hazard Statements:

Causes severe skin burns and eye damage
 May be corrosive to metals
 May intensify fire; oxidizer
 Harmful if swallowed
 May be harmful in contact with skin

D.O.T. and Hazard Information

UN3098,

Oxidizing Liquid, Corrosive, N.O.S.

(Contains Hydrogen Peroxide and Peroxyacetic Acid Mixture, Stabilized), 5.1 (8) PGII

KEEP OUT OF REACH OF CHILDREN

DANGER

Precautionary Statements:

Wash hands thoroughly after handling

Wear protective gloves/protective clothing/eye protection/face protection.

Keep only in original container.

Keep away from heat/sparks/open flames/hot surfaces - No smoking.
